DETOX - NƯỚC THANH LỘC CƠ THỂ

A word about detox:

The word detox should be used very carefully since detoxing, the idea that you can flush your system of impurities and leave the organs clean, is a simplification and also not a correct statement. The body's intestines, kidneys, liver, skin, lungs that are detoxifying as you read this. The body detoxifies itself naturally and what these smoothies aim to do is to make it easier for the body's natural detoxification systems to work properly. Smoothies are in general better than juices since you keep more of the fiber in the smoothie. The fiber feeds the gut bacteria which is very beneficial. For Full immersion guests reduce fruit intake and use stevia instead.
